Like Natural, Man-made and normal Disasters!

Natural Disasters mean that things happen naturally. But most of its deadly!

Man-made disasters are like building crashes, etc.

# Bunnies have their say!

Yes. Bunnies have their say. Grumpy and Narnia! The girls Amber and Tegan have made this bunny playpen for them and this is what they have to say about it. Do they **WANT** it or do they **NOT** want it?! We had a talk with them on Thursday (19/07/12) and they said: -Silence- (For 1 hour). We calculated what they said and they said nothing so we just thought they liked it..... :D

# MYSTERY THIEF

We had a recent report as you know that someone is stealing things from The Tardis Tree House cubby! We are not agents so we practically have no use for this case but we will find that person! Lucas had some descriptive words of the **KID** but we sadly forgot. 😊 If you know anything about this please contact the publishers of The Garden Express and tell us in the most **DESCRIPTIVE** way you can! Also if you find any suspicious items that may **LOOK STOLEN** or are of the **STOLEN ITEMS PLEASE** return them to **The Tardis Tree House**
