On the 22nd February at 12:51 pm, a devastating 6.3 magnitude quake hit Christchurch, enormously. 90% of houses were lost, 183 people died but are expected to rise. Outrageous fires happened in bushlands, water pipes exploding causing enormous floodings on main streets and garages. 100 people are still missing. Police urge you to stay at home and to remain calm. Call 1000 if you're in trouble.
