CYBER SAFETY

PROTECTING YOURSELF AND YOUR PERSONAL DETAILS

Written By Ben

Never give your information out to someone you don't know.

Never open from people, organisations, or businesses you don't know because computer viruses can be carried as attachments to email messages.

Close the window if I something bad or inappropriate comes up.

If that doesn't work close the browser.

If all fails shut down the computer and ask parent.

Never give out your real name or where you live or where you go to school or your family .

Only put safe pic's online.

Don't give credit card details.
